### **5.1. Wiley will:**

- 5.1.a. make reasonable efforts to ensure uninterrupted online access to and continuous availability of the Licensed Electronic Products to Authorized Users in accordance with this Agreement, and to restore access to such Licensed Electronic Products as promptly as possible in the event of an interruption or suspension of the Wiley Online Library service which is not attributable to any third-party service provider over which Wiley has no control (e.g., an Internet or telecommunications service provider). Wiley Online Library will be available for 98.0% of the time, excluding scheduled maintenance periods. The measurement of an unscheduled downtime shall begin to accrue as soon as the downtime starts and continues until the availability of the platform is restored. Service availability shall be measured on a calendar month basis. If an unscheduled downtime continues for more than two consecutive days and Customers do not otherwise have access to the Licensed Electronic Products due to a Trigger Event as defined herein and the downtime is not a result of suspension of access for failure to pay fees, Wiley and the Consortium may negotiate reasonable compensation for damages suffered by the Customers.

- 5.2.b. make access available to Authorized Users only through the Customer's Secure Network and using the authentication method(s) and valid parameters set forth in Appendix A or other secure authentication methods as described in the appropriate Appendix; undertake reasonable measures within its control to prevent access to and improper use of the Licensed Electronic Products and Wiley Online Library by unauthorized persons ; and take responsibility for remediating all issues uncovered and for terminating any unauthorized access of which it has actual notice or knowledge;

- 5.2.c. furnish the Sign-Up Letters as set forth in Appendix D and executed by the Customers and provide Wiley with information in Appendix A about the Customer's specific authentication method and valid parameters which can be used by Wiley to authenticate Authorized Users. The Customer represents that all such authentication method and parameters will be limited to the Customer's Secure Network and will be listed in Appendix A as updated from time to time. The Customer is responsible for ensuring that all specific authentication methods and valid parameters as listed in Appendix A or otherwise provided to Wiley correspond with the Customer's valid parameters. Author agreements are separately negotiated with Wiley and include provisions about what authors may and may not do with respect to materials authored by them and published by Wiley (including social networking websites and scholarly collaboration networks, except for those that have agreed to Wiley's Article Sharing Policy found here: <https://onlinelibrary.wiley.com/researchers/tools-resources/article-sharing>).

- 7.3. Either party may terminate this Agreement if the other party materially breaches its obligations under this Agreement and fails to cure such material breach, provided that the non-breaching party shall give written notice of its intention to terminate and shall allow the breaching party 60 days after receipt of such notice to remedy the breach.
- 7.4. During the term of each applicable Appendix, the Customer may license additional Electronic Products under such Appendix and this Agreement. If the Term of the Agreement as set forth in paragraph 7.1. is extended, the term of the applicable Appendix will be automatically extended to run concurrently with the Term of this Agreement in order to allow the Customer to continue to license additional products under such Appendix in subsequent years. Notwithstanding anything to the contrary, the Appendix term may never exceed the Term of the Agreement.
- 7.5. Upon expiration or termination of this Agreement, the parties agree to work together in good faith to negotiate a new agreement. With the exception of any perpetual access rights as set forth in Appendix B, Wiley reserves the right to discontinue access to the Licensed Electronic Products in the event that no new agreement is executed and no fee for the continued access to the Licensed Electronic Products has been paid.
- 7.6. Should the overall value invoiced in each year of the Agreement decline by more than 5% of the total annual fees outlined in Appendix E to this Agreement (excluding overage payments for APCs), then all terms are subject to renegotiation at Wiley's request.

## **WARRANTY AND DISCLAIMERS**

- 8.1. Wiley represents and warrants that it has the right and authority to make the Licensed Electronic Products available to the Customer and its Authorized Users pursuant to the terms and conditions

of this Agreement and that, to the best of Wiley's knowledge, the Licensed Electronic Products do not infringe upon any copyright, patent, trade secret or other proprietary right of any third party.

  - 8.3.a. WILEY ONLINE LIBRARY AND THE ELECTRONIC PRODUCTS, AND ALL MATERIALS CONTAINED THEREIN, ARE PROVIDED ON AN "AS IS" BASIS, WITHOUT WARRANTIES OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, WARRANTIES OF TITLE, OR IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE;
  - 8.3.b. THE USE OF THE ELECTRONIC PRODUCTS, WILEY ONLINE LIBRARY, AND ALL MATERIALS IS AT THE AUTHORIZED USER'S OWN RISK;
  - 8.3.c. ACCESS TO WILEY ONLINE LIBRARY AND THE ELECTRONIC PRODUCTS MAY BE INTERRUPTED AND MAY NOT BE ERROR FREE; AND
  - 8.3.d. NEITHER WILEY NOR ANYONE ELSE INVOLVED IN CREATING, PRODUCING OR DELIVERING WILEY ONLINE LIBRARY, OTHER PLATFORMS DESIGNATED BY WILEY, THE ELECTRONIC PRODUCTS, OR THE MATERIALS CONTAINED IN SUCH PLATFORMS, SHALL BE LIABLE FOR ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL OR PUNITIVE DAMAGES ARISING OUT OF THE AUTHORIZED USER'S USE OF OR INABILITY TO USE WILEY ONLINE LIBRARY, OTHER PLATFORMS DESIGNATED BY WILEY, THE ELECTRONIC PRODUCTS AND ALL MATERIALS CONTAINED THEREIN.
- 8.4. Wiley will indemnify and hold the Customer harmless from and against any damages, costs and fees (including reasonable attorney's fees) resulting from any judgment against the Customer arising out of the claim of a third party that Wiley's license of the Licensed Electronic Products or the Customer's use thereof constitutes an infringement of any copyright, patent, or trade secret of any such third party. This indemnity will survive termination of the Agreement for four years. This indemnity will not apply if the claim involves content which has been modified or used in a manner not permitted under this Agreement or if the Customer has failed to comply with other material terms of this Agreement.
- 8.5. The Customer shall give prompt notice of an infringement claim to Wiley, provide such cooperation and assistance to Wiley as is reasonably necessary to defend the claim, and allow Wiley to have the sole control of the defense, provided, however, that the Customer retains the right to participate in the defense at its own expense.
- 8.6. The Consortium represents and warrants that it has the full power and authority to enter into this Agreement and act on behalf of the Member Institutions.

For the avoidance of doubt, publication lists (meaning, the information set forth in paragraph 2.1(f) of Appendix C) are not deemed confidential under this Agreement.

- 9.2. The Customer may only use Confidential Information for the purposes of negotiating and implementing this Agreement. The Customer agrees to take reasonable care to protect the Confidential Information from disclosure to third parties and to limit disclosure of the Confidential Information to those employees or contractors of the Customer including affiliates of the Customer who have a need to know in connection with this Agreement, and who have been made aware of, and agree to abide by, these restrictions. When disclosure is legally mandated, the parties will use, whenever possible, a version of the Agreement without Confidential Information. Mandatory duties of disclosure according to Swiss law remain reserved (e.g., in accordance with BGÖ, BöB). When disclosure is legally mandated or the parties agree to disclose or publish the Agreement or parts thereof, the parties will disclose, whenever possible, only the cumulative total fee that all Consortium members paid in any given calendar year and not the respective fees for each Customer.
- 9.3. In the event that the Customer is obliged by Swiss law (e.g., in accordance with BGÖ, BöB) to disclose parts of this Agreement, the Customer will inform Wiley in writing prior to such disclosure.
- 9.4. A redacted version of the Agreement may be made public 30 days after the last day on which it has been duly executed by both parties, and all fees paid by each Customer will be kept confidential and redacted from any public disclosure.

## **GENERAL PROVISIONS**

- 10.1. The Consortium and Wiley will work together on a joint communications plan for the announcement of the Agreement, agreeing to the content and timeline for messages to stakeholders (such as librarians, authors, university leaders) as well as public statements and press releases.
- 10.2. Wiley may assign this Agreement to its successors, subsidiaries or assigns. This Agreement may not be assigned by the Customer except with the prior written consent of Wiley.
- 10.3. This Agreement will be construed and interpreted pursuant to the laws of the State of New York, without regard to such State’s conflict of law rules.
  - 10.3.a. Any legal action, suit or proceeding to which the European Organization for Nuclear Research (CERN) and Wiley are the only parties arising out of or relating to this Agreement or the breach thereof shall be resolved according to rules set forth in Appendix F – Arbitration – CERN where required by law. If there are other parties to the legal action, suit or proceeding, such dispute will be resolved according to the provisions of paragraphs 10.3 and 10.4.
- 10.4. Any legal action, suit or proceeding arising out of or relating to this Agreement or the breach thereof must be instituted in a court of competent jurisdiction in New York County in the State of New York and each party hereby consents and submits to the personal jurisdiction of such court, waives any objection to venue in such court and consents to the service of process by registered or certified mail, return receipt requested, at the last known address of such party.

- 10.5. In the event of a material breach of the terms and conditions of this Agreement by either party, the non-breaching party will be entitled, in addition to any other remedies available pursuant to this Agreement or at law, to equitable, including injunctive, relief.
- 10.6. Notwithstanding any other term in this Agreement, neither Party's delay or failure to perform any provision of this Agreement due to circumstances beyond its control (including, without limitation, war; civil disorder; strike; flood; fire; storm; accident; terrorism; governmental restriction; infectious disease; epidemic; pandemic; public health emergency; embargo; power, telecommunications or Internet failures; damage to or destruction of any network facilities; the enactment of any law, executive order, or judicial decree; or any other circumstance beyond a Party's control whether similar or dissimilar to the foregoing) ("Force Majeure") will be deemed to be, or to give rise to, a breach of this Agreement. The Party claiming Force Majeure will provide written notice of the circumstances (where possible) and will be entitled to a reasonable extension of time for performing such obligations. Where Wiley is claiming Force Majeure, Wiley will be entitled to implement a reasonable alternative where practical under the circumstances and if its inability to perform continues for more than 30 days or it is inadvisable or commercially impractical to perform due to Force Majeure, the parties shall renegotiate the terms set forth in this Agreement to mitigate the effects of the Force Majeure and Wiley and the Consortium shall conduct all such renegotiations in good faith.
- 10.7. Any notice, request, statement or other communication to be given hereunder to any party must be in writing addressed to Wiley at the address on page one, attention Executive Vice President and General Counsel, and to the Customer's Agreement Administrator at the address in Appendix A, or mailed or delivered to such other address as each party may designate by notice given in like manner, and any such notice, request, statement or other communication, will be deemed to have been given when received, except that if mailed by registered or certified mail, return receipt requested, or delivered by overnight courier service, it will be deemed to have been given when mailed as aforesaid or when delivered.
- 10.8. This Agreement constitutes the complete understanding of the parties and supersedes all prior understandings between the parties with respect to the subject matter of this Agreement. No modification, amendment, or waiver of any provisions will be valid unless in writing and executed by the parties. Any waiver in one or more instances by either of the parties of any breach by the other of any terms or provisions contained in this Agreement will not be considered a waiver of any succeeding or preceding breach. In the event that any paragraph of this Agreement is determined to be void or unenforceable, the remainder of the Agreement will survive.

## APPENDIX B: LICENSED ELECTRONIC JOURNALS – THE DATABASE

The Database will comprise all subscription-based journal titles published on Wiley Online Library (or any platform designated by Wiley) including titles previously excluded from collections, transfer titles and newly launched journals.

1. The complete list of titles included in the Database is available at [http://media.wiley.com/assets/7309/27/Database\\_Model\\_Journal\\_List.pdf](http://media.wiley.com/assets/7309/27/Database_Model_Journal_List.pdf).
  - 1.1. The titles British Journal of Radiology (BJR) and Dentomaxillofacial Radiology (DMFR) are not available via Wiley Online Library. They may be accessed via the URL <https://www.birpublications.org/action/showLogin>. Usage statistics may be obtained via the URL <https://www.birpublications.org/page/usagedata>. Wiley may change the URLs at its sole discretion.
2. **Archival Access:** The subscription will entitle the Customer to online access to the electronic files of all content published in the journals that comprise the Database during the term of the subscription and retrospective content, generally back to 1997, depending on the start date of online publishing by Wiley. Retrospective content for BJR and DMFR is provided back to 2009. For the avoidance of doubt, this does not include any material included in Backfiles (i.e., generally older than 1997) for the same journals.
3. **Perpetual Access:** Upon termination of this Agreement, Wiley will provide the Customer with perpetual access to the electronic files of all content published in the journals that comprise the Database during the term of the subscription, where Wiley has the rights to deliver this.
  - 3.1. For the avoidance of doubt, the Customer will retain perpetual access rights to current electronic files and retrospective content, generally back to 1997, for any journals in which the Customer currently has such rights. Retrospective content for BJR and DMFR is provided back to 2009. No perpetual access rights are provided under this Appendix B for any material included in Backfiles for the same journals.
  - 3.2. If a Customer withdraws from the Agreement for any reason before the end of its Term, the withdrawing Customer waives its perpetual access rights gained during the Term. Perpetual access rights gained before the commencement of the Term remain unaffected.
4. **Print Subscription Pricing:** For those Customers who previously entered an agreement with Wiley under which they had the option to purchase print copies of journals in the Database at a deeply discounted print (“DDP”) rate, such DDP option continues under this Agreement “at the then-available deeply discounted rate (for 2021, this rate has been set to 25% of current year’s list price of the electronic subscription)”. Additionally, those Customers joining the agreement as of May 1 2021 can avail themselves of the same DDP option as existing members. This does not apply to:
  - 4.1. Any other Customers;
  - 4.2. Titles published in e-only format by Wiley.
  - 4.3. Titles for which print subscriptions are only available through a Print-on-Demand option. Print on Demand subscriptions are not eligible for any discount.
  - 4.4. Print subscriptions should be ordered directly via the Wiley Customer Services department, or through an agent.

## APPENDIX C – PUBLISHING PRIVILEGE

1. General.
  - 1.1. Wiley agrees to the open access publication of Eligible Articles in Hybrid Journals as requested by Eligible Authors through the agreed workflow outlined below. Eligible Authors publishing under this Agreement grant Wiley the right to publish their articles under a Creative Commons license subject to the provisions of their author agreement. Eligible Authors will be able to select the following Creative Commons licenses: Attribution 4.0 International (CC-BY 4.0), Attribution Non-Commercial 4.0 International (CC-BY-NC 4.0), or the Creative Commons license Attribution Non-Commercial Non-Derivative 4.0 International (CC-BY-NC-ND 4.0) for the publishing of their articles. Wiley shall encourage Eligible Authors to publish with the CC-BY license and the publication workflow shall, whenever possible, always direct them to CC-BY as the first option.
  - 1.2. The Publishing Privilege will commence for articles accepted from May 1, 2021 and end for articles accepted on December 31, 2024.
  - 1.3. Under the standard hybrid publication workflow, if the Eligible Author has identified his/her affiliation with a Member Institution by selecting from a standardized list of institutions in the electronic editorial office submission and Author Services systems, the Eligible Author will be presented with a default choice of publishing open access. The authors may elect to not publish open access. Wiley will include sufficient information and guidance for Eligible Authors that Eligible Articles are meant to be published open access as part of this Agreement (so long as the correct affiliation of the Eligible Author is captured in Wiley system metadata) and that they do not need to pay a fee for open access publication of their articles.
  - 1.4. For any current journals that follow a workflow different than the workflow under paragraph 1.3. of this Appendix C, the Eligible Author of any Eligible Articles who has identified his/her affiliation with a Member Institution in the electronic editorial office submission system will also be presented with a choice of publishing options and Wiley will make reasonable efforts to inform the Eligible Author that the articles are meant to be published open access as part of this Agreement.
  - 1.5. The Member Institution has the right to deny funding requests for articles to be published under this Agreement if the author is not an Eligible Author as defined in paragraph 1.8. of this Agreement.
2. Wiley's Obligations.
  - 2.1. In consideration of the payments listed in this Appendix and subject to the terms and conditions of the Agreement, Wiley will:
    - 2.1.a. not charge an Eligible Author an APC for any Eligible Article submitted by such Eligible Author that is accepted for publication in a Hybrid Journal, provided the Eligible Author submits said material according to Wiley's WOAA workflow and reasonable funds remain in the Customer's WOAA to cover the APC. If an Eligible Author requests Wiley to change the publication basis (i.e. make their article open access when they originally opted not to make their article open access) of their submission prior to publication, Wiley will do so; changes cannot be made post-publication. Any APC incurred outside the WOAA workflows under this Appendix is not covered by this Agreement.
    - 2.1.b. include the Customer in Institutional Account List for all Hybrid Journals as an institutional account holder;
    - 2.1.c. provide a link for the Customer on the Institutional Account List on Wiley Online Library;
    - 2.1.d. identify on Wiley Online Library the articles that are available on an open access basis in the Hybrid Journals;
    - 2.1.e. make reasonable efforts to align Wiley's workflows to ESAC recommendations where possible;
    - 2.1.f. provide quarterly reports to the Customer within one month of the end of each quarter that includes a breakout of all Eligible Articles including articles where the author has not elected for open access, and those made open access and approved by the Member Institution pursuant to the verification process detailed below. The reports will be in a machine-readable format of all articles from authors affiliated with the Member Institution

published in Wiley's Hybrid Journals, indicating the journal type. The reports will include one or more of the following fields:

- Name and email address of the Eligible Author
- Eligible Author's affiliation(s)
- Date of acceptance
- Online publication date
- Journal Title
- Article title
- Article type
- DOI and a link to the published article
- license type
- Funding organization (research funder when available)
- APC cost and date of approval in Dashboard (when applicable)

Not all these fields are available for every article. Wiley will include the available fields.

3. Verification process.
  - 3.1. Eligible Authors will be identified through at least one of the following parameters: their organization name; their e-mail domain persistent identifier, such as Ringgold or another recognized institutional identifier.
  - 3.2. The Member Institution will review the pending request, verify if the author is affiliated with the respective Member Institution, and approve or deny their article within their Wiley Open Access Account Dashboard ("WOAD"). Requests will be handled promptly by the Member Institution with the goal of approval or denial of the request within 5 business days. If the Member Institution requires more than 5 (five) business days for confirming or denying if an author is affiliated, the Member Institution shall notify Wiley and Wiley will provide an extension for the requested number of days. The article record in the dashboard will include all necessary metadata including, but not limited to, name, ORCID (if provided) and email address of all authors, full name of author's affiliation (e.g., university), acceptance date, journal title, article DOI (if applicable), article title, article type, amount of the APC.
  - 3.3. Wiley and the Consortium will have an annual open discussion to elicit feedback on the then-current process for author identification and verification process to discuss and consider possible improvements.
4. Editorial Independence. Nothing herein will oblige Wiley to publish any article submitted to Wiley by an Eligible Author. The Customer acknowledges that the selection of material to be published in the Hybrid Journals is entirely at the discretion of Wiley/the editors of the Hybrid Journals and the Customer waives any claim it may have against Wiley in the event that Wiley or its editors refuse or decline to publish any material (or part thereof) submitted by an Eligible Author. An article will be considered to be selected for publication once the Eligible Author has been notified that the article has been accepted and Wiley has received the applicable publishing agreement for the Hybrid Journal signed by the right holder(s) of the article.
5. Terms of Publication. The Customer acknowledges that before the version of record is published, the Eligible Author and (if different) the owner of any copyright in such material will be required to agree to the applicable terms and conditions of publication (including without limitation the terms relating to open access). The Customer will ensure requests from Wiley to validate Eligible Authors are answered within 5 business days.
6. Fees.
  - 6.1. The annual payment of the Publishing Privilege Fee ("the APC fund", and as set forth in Appendix E) will fund the WOAA balance administered by the Member Institution.
  - 6.2. The APC levied by Wiley for open access publishing in Hybrid Journals during the Term will be at Wiley article publication charge list price for the journal, which Wiley has discounted for the benefit of the Customer by 15%.

- 6.3. APCs due for each Eligible Article are deducted from the total annual APC Fund for the Member Institution on a first-come first-serve basis until such time as the total APC Fund for the current year has been reached.
- 6.4. The Publisher will notify the Consortium when 70% of the APC Fund has been expended in any year during the Term and of each 5% reduction thereafter. Wiley and Consortium agree to meet quarterly to discuss the then-current status of the APC Fund and estimations on the APC Fund expenditure.
  - 6.4.a. In the event that the balance of the APC Fund is nil before the end of a given year, the Consortium may deposit additional funds in the APC Fund, or the Member Institutions may elect to set up individual WOAA accounts and deposit additional funds in such accounts ("Post-Pay WOAA"). Subject to the workflows set forth in paragraph 1.3. and 1.4. of this Appendix and the successful verification of the Eligible Author that they are a member of a Member Institution within Wiley workflows, APC charges for Hybrid Journal publications made through such Post Pay WOAA's will be at APC list price for the journal with an agreed discount of 15% applied to that list price.
  - 6.4.b. If (1) the balance of the APC Fund is nil before the end of a given year, and (2) the Member Institutions do not deposit additional fees to the WOAA or set up and fund individual Member Institution WOAA's, Eligible Authors will not follow the Agreement workflows for subsequent articles, and they can choose to publish their article either on a subscription basis or on an open access basis. Such subsequent articles submitted and accepted for open access publication will be charged an APC.
- 6.5. The parties agree that in the event of funds remaining in the open access fund of any Member Institution at the end of any year:
  - 6.5.a. in year 1, up to 10% of the Customer's year 1 APC Fund can be carried over into the following year's APC Fund;
  - 6.5.b. in year 2, up to 5% of the Customer's year 2 APC Fund total (including any previously rolled amount) can be carried over into the following year's APC Fund;
  - 6.5.c. in year 3, up to 2.5% of the Customer's year 3 APC Fund total (including any previously rolled amount) can be carried over into the following year's APC Fund; and
  - 6.5.d. At the conclusion of the Term of this Agreement, up to 10% of any remaining balance in the APC Fund will be carried over into the subsequent year subject to the execution of a new agreement in good faith on the relevant terms enabling continuation of the APC Fund in the form set forth in this Agreement.

**1. Year 2022 and subsequent years:**

The Total Fee for year 2022 and subsequent years will be calculated as the 2021 (or previous year) Total Fee + a price increase of 2%.

- Wiley will submit to the Consortium by September 1, each year a list of the online editions of all journals in the Database that will be made available on Wiley Online Library (or any successor platform) and all journals that allow publishing within the framework of this agreement in the following year including all confirmed new and transfer journal titles. For journal titles that are transferred out of the Database, Wiley will use all reasonable efforts to comply with the Transfer Code of Practice or to the then-prevailing industry standard.
- In the event of a material change to the number and value of the journal titles included in the Database, the parties will negotiate in good faith an appropriate amount as a fair compensation for such material change. A material change is the addition of new or the deletion of existing journal titles leading to an increase or decrease of 5% more annually in the total financial value of Wiley's journal titles included in the Database (based on institutional e-only subscription price)
- The total fee distribution per Customer for the calendar years 2023 and 2024 is preliminary, and the Consortium will notify Wiley of the final distribution per Customer by Consortium for 2023 by 31st August 2022 and for 2024 by 31st August 2023. The parties will, in good faith, update the fees per Customer with a written amendment to this Agreement, signed by each Customer, within four weeks after receipt of such notification.

## **Appendix F - Arbitration - CERN:**

As a consequence of CERN's status as an intergovernmental organisation, any disputes involving CERN shall be settled by arbitration according to the procedure defined in section 35 of the General Conditions of CERN Contracts: [https://procurement.web.cern.ch/system/files/document/general-conditions-cern-contracts-en\\_0.pdf](https://procurement.web.cern.ch/system/files/document/general-conditions-cern-contracts-en_0.pdf).

Excerpt of general Conditions of CERN Contracts, clauses 34 and 35

### **34. Governing law**

34.1 The provisions of the Contract shall be interpreted in accordance with their true meaning and effect.

Without prejudice to CERN's status as an intergovernmental organisation, reference shall be made to Swiss substantive law where:

- a matter is not specifically covered by the Contract; or
- a Contract provision is ambiguous or unclear.

34.2 Such reference shall be made exclusively for the matter or the Contract provision concerned, and shall in no event apply to the other provisions of the Contract.

34.3 The United Nations Convention on Contracts for the International Sale of Goods shall not apply.

### **35. Arbitration**

35.1 If any dispute under the Contract fails to be settled amicably, the Parties shall resort to the arbitration procedure defined in clauses 35.2 to 35.8 inclusive, drawn up by CERN in accordance with its status as an intergovernmental organisation. Notwithstanding the reference of any dispute to arbitration, the Parties shall continue to perform their obligations under the Contract.

35.2 Within thirty Days of a Party giving to the other Party written notification of its intention to resort to arbitration, the first Party shall appoint an arbitrator. The second Party shall appoint an arbitrator within three Months of the appointment of the first arbitrator. The two arbitrators shall, by joint agreement and within three Months of the appointment of the second arbitrator, select a third arbitrator, who shall subsequently be appointed by the Parties to preside over the arbitration tribunal.

35.3 If the second Party fails to appoint an arbitrator or if the two arbitrators fail to agree on the selection of a third arbitrator, the second or, as the case may be, the third arbitrator, shall be selected by the President of the Administrative Tribunal of the International Labour Organization, established in Geneva, Switzerland, and shall subsequently be appointed by the Parties, at the request of the first Party to do so.

35.4 None of the arbitrators shall be drawn from amongst persons who are or have been in any way in or at the service of CERN or the Contractor or any subsidiary or affiliate of the latter or who have any other conflict of interest. The arbitrators shall act impartially in the execution of their duties.

35.5 The arbitration proceedings shall take place in Geneva. The parties shall agree on the terms of reference of the arbitration tribunal, including the procedure to be followed, within thirty Days of the appointment of the third arbitrator.

35.6 The arbitration tribunal shall faithfully apply the Contract and shall set out in its award the detailed grounds for its decision. The arbitration tribunal shall have no authority to award interest.

35.7 The arbitral award shall be final and binding upon the Parties, which hereby expressly renounce the right to any form of appeal or revision, whether ordinary or extraordinary, it being understood that each Party may, within two Weeks from the date of the award, request the arbitration tribunal to give a written interpretation of the award or to correct computational or typographical errors. The interpretation or correction shall be made known to the Parties within two Months from the date of the request and shall become part of the award. Until the date of the delivery by the arbitration tribunal of any requested interpretation or correction, the execution of the arbitral award shall be suspended.

35.8 Save to the extent required by law, the arbitral award shall not be published or its contents made known to any third party without the prior written approval of each Party.
